Hi Olee,

Happy Saturday! I would love to set you up to try brunch at Ariete whenever you'd like. I'm sure you have plans tomorrow already but let me know which Sunday is good for you. The McChug and the Frita Eggs Benedict is out of this world. And the sweets, just scroll down. 😊

You can view the complete menu here: <http://www.arietemiami.com/menu/> (Attached as well.)

Please consider their brunch in your next Best Miami Brunch round up. 🍽️💻

**Mc Chug:**

by Chef Michael Beltran. Hunter sausage, fried egg, American cheese, maple bread and foie double down.

**Subject:** Fwd: Invitation: Ariete's Media Tasting this Sunday

Dear JennyLee --

I'm reaching out because Vox Media is currently in a copyright dispute regarding our inclusion of a photograph of your restaurant in one of our articles (the photo is available here: <https://www.facebook.com/arietemiami/photos/a.1524443794549975/1584787355182285/?type=3&theater>). I was wondering whether this picture was included in the initial press release that announced Ariete's opening? While I have a copy of the press release, the Dropbox link to the image contained in the release no longer works.

Thanks,

Olee

Hey -- post is written and uploaded. Just waiting on a picture. Not much online and the UD pics are too small. LMK if you have any.

Hello friends,

I hope your year is off to a great start!

We are very happy to announce that [Ariete](#) will be opening this Friday, 1/15 after much anticipation. Attached please find our official announcement press release with more information as well as their exquisite menu.

We would love for you to join us this Sunday evening for their media tasting. If you're not available this Sunday, I'm happy to accommodate you for dinner with a guest at your convenience.

Hi, when I click on the photo it takes me to the Ariete Facebook page but not to a particularly picture. I can confirm who took the photo and connect you with Jason Odio who either took the photo or hired someone to take the photo which were the ones I was provided with. Let me know how I can help resolve this.
